About the Northcott

The Northcott Theatre has been attracting audiences in Exeter and the South West to the very best UK and international performing arts for over fifty years. Before the closure of theatres in March 2020 due to Covid-19, our programme featured a mix of home grown productions and top quality touring drama, music, dance, comedy etc. We are now looking forward to rebuilding our offer with a combination of work we produce and present in our theatre space/s and a range of projects and participation activities with artists, communities and young people in Devon.

We're supported financially by University of Exeter, Arts Council England, Exeter City Council and the Esmée Fairbairn Foundation, but we're also hugely reliant (c.90%) on earned income through ticket sales, revenue from our bar and restaurant, fundraising and sponsorship. With the current challenges around social distancing and live performance the theatre's financial model will continue to look very different over the coming months and this is providing us with opportunities to adapt and change.

The Purpose of this Post

The Finance & Administration Manager is a key member of the Exeter Northcott Theatre's management team, responsible for the smooth day-to-day running of the company's finance & administrative systems, ensuring compliance with company policies & procedures and statutory requirements, and providing high-quality, accurate and timely information to Board, Senior Managers and other managers/budget-holders. At this challenging time, they will play a key role in supporting strategic planning and operational decision-making as the organisation adapts and changes.

Diversity & Inclusion

There continues to be a significant lack of diversity across the arts, with a pressing need to provide progression routes for talented people from backgrounds that are under-represented. Exeter Northcott Theatre is committed to playing its part in addressing this by putting inclusion at the heart of our recruitment processes, finding new ways to share the power and resources we have at our disposal, and fostering a working culture that is welcoming for all our team.

We actively encourage people with different backgrounds to join us and positively impact our teams and working practice. We are particularly keen to receive applications from people of African and Caribbean heritage, people of South Asian, East Asian and South East Asian Heritage, D/deaf and disabled people, LGBTQ+ people, or those experiencing barriers due to their socio-economic background.
